Business Continuity

A fast, expert response makes the difference.

From our first contact, we organize and allocate the resources that will quickly restore your critical operations. Our restoration team has the experience to provide a timely and cost-effective recovery of your business.

Disaster Restoration (DRS) is Singapore's leading restoration and recovery specialist. With our vast experiences and track record, we are able to deploy within a short notice. Getting it done fast and right the first time is crucial because failed recovery attempts can lead to permanent damage and increase in cost.

DRS is a 'one-stop shop' disaster recovery company providing fire, water, flood, smoke, soot and other restoration services. For your convenience:

- We operate 24/7 hour, 365 days; our rapid response team is available to provide you with the resources and manpower to implement an immediate recovery plan.
- DRS is Singapore's largest stockist of de-flooding and drying equipment. You can be assured of getting your place restored to pre-loss condition in no time.

Under One Hour Response Time

When a loss is suffered, you only need to call HP: 9321 9321 for all your disaster recovery needs. Your call will immediately mobilize our emergency response team, deploying trained personnel and specialized equipment.
